Sir:

In response to the "Notice of Incomplete Reply" dated October 5, 2004 (copy enclosed), please note that the last paper filed at the USPTO, dated September 7, 2004, requested cancellation without prejudice of claims 12, 13, 14, 19, 24, 25 and 27. When these claims are cancelled, 20 claims remain in the application and no additional claim fee (\$63) is payable.

The Applicant has also received a paper titled "Response to Request for Corrected Filing Receipt" mailed October 5, 2004 which states that "an amendment or Application Data Sheet is needed to make this change". The words "this change" appears to refer to a request for a corrected filing receipt. However, Applicant has in fact received a filing receipt, which was also mailed on October 5, 2004. Furthermore, an Application Data Sheet was filed with the original application papers on February 10, 2004. Applicant is therefore at a loss to understand what is required and clarification is respectfully solicited. At this point, however, Applicant submits that all formal application requirements, including payment of all fees, have been completed

October 7, 2004

and that the application is now awaiting examination. If the situation is otherwise, please advise the undersigned.

In the originally filed application papers, Applicant requested that this application be associated with customer number 23390, but this has apparently not been done. This is therefore a specific request to associate the present application with customer number 23390.

Please acknowledge receipt hereof by signing and returning the enclosed postcard.

Respectfully submitted,
